Amsterdam, 4 February 2009: Chellomedia's Dutch premium channels Film1 and Sport1 announced a record subscription growth with 360,000 subscribers as of 1 February. This figure is 10% higher than last year and is the highest since the introduction of pay TV in the Netherlands. Film1 also announced the success of its subscription video on demand service, Film1 On Demand (SVOD), a library of more than 100 movies, from which subscribers on the UPC digital platform, can select movies being shown on the linear channels. Over a million movies have been viewed since the launch in August 2008, an average of 200,000 films per month.

Jeroen Bergman, Managing Director of Chello Benelux, the owner of Film1 and Sport1 said, "The increasing success of Film1 & Sport1 consolidates their position as the premium movie and sports channels in the Netherlands. The considerable expansion of enhanced product features to Film1 and Sport1 last year has proved very successful. Customer surveys highlight that the launch of Film1 Action, the fifth Film1 channel, was met with great enthusiasm. Additionally the transition of Sport1.2 into our second 24-hour sports channel, offering an extensive range of major football matches, as well as tennis, darts, basketball and hockey, has received a popular response as well. Many of our viewers subscribe to the combined premium bouquet which includes both to Film1 and Sport1."

Film1 and Sport1, are carried on all the major Dutch cable networks in the Netherlands (Ziggo, UPC, CAIW and Delta), as well as Canal Digitaal and Tele2.
